

Science 10/03/23

Hello! Next week, all the classes are going to be involved in a school competition to determine **the most important animal of all!**

Owls class has been assigned the bee, and I'm confident that you are going to be remarkable researchers and find enough information about bees to convince the whole school that bees are the most important animal of all.

You can either type and print your information, or you can print off the following page to hand write your notes on. Please remember to always ask a grownup before you use the internet, show them the sites you are using and always tell a grownup if you come across something that makes you feel scared or upset. Here are some websites that you might find helpful for your research:

[10 facts about honey bees! | National Geographic Kids \(natgeokids.com\)](https://www.natgeokids.com/10-facts-about-honey-bees/)

[Honeybee \(nationalgeographic.com\)](https://www.nationalgeographic.com/honeybee/)

[Kids Learn Why Bees Are Awesome | National Geographic - YouTube](https://www.youtube.com/watch?v=...)

[Why are bees so important? - KS2 - The Regenerators - BBC Bitesize](https://www.bbc.com/1/learning-english/primary/ks2/reading/why-bees-so-important)

[Why are BEES so IMPORTANT? | World Bee Day | Newsround - YouTube](https://www.youtube.com/watch?v=...)

Parents, please be aware that although the YouTube videos themselves are safe, you may need to skip through the advert content beforehand.

Happy researching Owls! Mrs Pywell
