

LOVE LEARN SHINE
Shine in the light and love of God

Friday 5 July 2024

Dear Parents

I am pleased to write with this week's newsletter which will be the penultimate newsletter of the academic year. This letter and previous versions can be found in the [letters section](#) of our website.

Safeguarding, Welfare & Wellbeing

Safeguarding and Welfare will always be our very highest priority in helping us achieve our vision of [Love Learn Shine](#). We will use this section of the newsletter each week to keep families up to date with a range of key safeguarding and welfare information.

Monthly Online Safety Newsletter

We are pleased to have published our monthly online safety newsletter on our website. In the July edition there are many helpful tips and recommendations to help families support their children staying safe and making the most of the online world.

The full newsletter can be accessed [here](#) via the dedicated online safety section of our website. We hope you find it useful.

Roulette style video /chat apps

Chat roulette style apps work by pairing people together anonymously to chat (and video chat) to each other. Due to the anonymous nature of these apps, we would always recommend that they are not suitable for under 18s.

There is often a lot of inappropriate content and behaviour on these apps and your child is at risk of grooming as a stranger may try to connect with your child initially on an anonymous app and then encourage them to continue chatting on another app.

CapCut

Have you heard of CapCut? It is owned by the same owners as TikTok and is a video editing app. CapCut state that their services are intended for those over the age of 13 and those under the age of 18 must have consent from their parent/legal guardian. It is rated as 12+ on the App store. The App store have rated it as this because of *Infrequent/Mild Mature/Suggestive Themes, Infrequent/Mild Sexual Content and Nudity*.

What can I do on CapCut?

CapCut is used as a video and image editing tool allowing users to edit their videos/images as well as add music, sound effects, text and stickers.

What should I be aware of?

Safe Drop Off & Pick Up

The safety of all children and adults is of paramount importance.

It has been noticed that a small number of families are stopping on Belford Road to let their children out of the car at drop off.

Please can parents ensure they are safely parked before children exit the car. If you need a parking permit for Victoria Avenue, please pop to the office who will gladly issue one.

Curriculum & Extra-Curricular Spotlight

East Barnby Residential

Children from Year 6 enjoyed a magical three days of residential activity at East Barnby last week. They were blessed with some glorious weather and had a superb time making lasting memories with their friends and staff.

In the beautiful setting of the North Yorkshire coastline around Whitby and Sandsend they experienced a host of outdoor learning experiences including body boarding, canoeing down the river Esk into the harbour at Whitby as well as team building activities and even some summer sledging on the dry slope. There was also plenty of time to work on bed making and spending quality time with their friends ahead of the end of term and heading off to their new schools in September.

There was of course the tradition of the residential talent show on the final evening which was enjoyed by all especially the staff who made up the judging panel.

Thank you to all the families who supported their children to attend this experience, to the staff team for making this experience possible and most importantly to our wonderful children for embracing all the challenges and representing St Peter's superbly while they were away. Well done and thank you to all.

For more pictures see the [news section](#) of the website.

Saltburn Trip

Children from the whole of Key Stage One enjoyed a fabulous day at Saltburn on Tuesday this week. In History they have been learning about holidays in the past in particular holidays in Victorian times and comparing these with present day holidays.

The children all enjoyed travelling together by coach to Saltburn before a walk along the promenade and the pier and a study of the funicular railway. They then enjoyed some beach challenges including building the highest rock tower before lunch. After lunch there was a ride on the Saltburn miniature railway to Valley Gardens where they all enjoyed an ice cream before heading back on the railway to the beach for a traditional paddle and play in the sand.

Thank you to all the adults who accompanied this trip especially our wonderful parent volunteers. We hope you enjoyed yourselves as much as the children clearly did.

For more pictures see the [news section](#) of the website.

Leeds City Museum

Children from Eagles Ravens and Herons have visited Leeds City Museum this week as part of their History studies. They all had a fantastic time exploring the different galleries in the morning and then taking part in Ancient Greek Workshops in the afternoon where they were able to further their learning by studying replica and real artefacts from Ancient Greece. The museum is free to enter for any families wishing a follow up visit over the holidays. There is more information on opening times and the different exhibitions [here](#).

For more pictures see the [news section](#) of the website.

Crucial Crew

Children in Year Six had an exciting, informative and potentially lifesaving afternoon at Crucial Crew today. With the support and assistance of some key partners, North Yorkshire Police have been delivering Crucial Crew safety workshops to Year 6 pupils across the region for over 20 years.

Children took part in a number of workshop sessions throughout the afternoon covering vital personal safety and behaviour topics such as road safety, internet safety, water safety and how to make an emergency call, and much, much more.

They very much enjoyed the interactive sessions and hearing from the experts including staff from North Yorkshire Police as well as North Yorkshire Fire and Rescue Service.

For more pictures see the [news section](#) of the website.

Herons Maths

Herons have been learning all about angles this week. They used masking tape and whiteboard pens to mark the angles straight onto the tables! It felt very rebellious and was thoroughly enjoyed by all! They did a wonderful job using protractors and checking each other's accuracy.
