

GREENGAZETTE

ST PETER'S PRIMARY

| Feature Story

SUSTAINABLE STYLES!

Haven't bought your Halloween costume yet? Don't worry! Old clothes can become new costumes with some fabric paint and creativity. For example, use a white sheet to make a classic ghost or a black outfit with white paint for a skeleton.

CARDBOARD CREATIVITY!

Cardboard boxes can be transformed into robots, Minecraft characters or other creative costumes.

| Quick Updates

PUMPKIN POWER!

Carve or paint pumpkins. Once Halloween is over, roast the seeds for a snack and use the flesh for recipes like soup or pie. The pumpkin can then be composted.
